SIERRA MADRE NEWS,

THURSDAY, APRIL 14, 1949.

VOL. 23, NO. 25.

Around
the Square

The City Water Department is just finishing up the installation of a 10-inch pipeline on Mountain Trail avenue and Miramonte to the reservoir. Water Superintendent Vern Udell had a few uneasy moments, however. He was afraid the project wouldn't be finished before the red lanterns ran out. During the job 13 red danger lanterns were stolen—a few at a time. He told the boys to work faster.

"We've got to get this job done before ALL the lanterns are gone," he told 'em, "or we'll have all the cars in the ditch."

If you ever lose anything, don't despair without first checking with the local constabulary.

Mrs. E. Sadlowski of 481 Foothill lost—of all things—a big bag of groceries.

She went to City Hall and got 'em back from the cops. Her son put the groceries on the sidewalk and went off without them.

But Chappie Dimit, 9, Vickie Dimit, 7, and Gary Clark, 8, all honest kids, found the bag unattended and lugged them to the police lost and found department.

Bankers Lewis and Morgan have been maintaining anything but maximum security at the local Fort Knox. But they swear that it's all right for Harold Spears to get in the hard way to make a withdrawal.

"It's okay with us if Harold wants to give us the 'modern open front'," Morgan said. "Everybody in town's got keys to the bank anyway."

In the meantime, Morgan spends more time dusting plaster dust than he does counting money.

Harold Spears sez the place will be all back together pretty soon.

George Neill, the genial "beatman" from the Pasadena opposition, has got the desk now. He won't be around to Council meetings anymore to give the councilmen a sympathetic ear. The NEWS staff will miss him. From what we hear, he helped make this dull newspapering life interesting. He even helped revive the almost lost word "scoop."

But then he wants to get ahead in the world, so he had to leave the "beat."

Lorne Pratt, the Wistaria king, received the crowning insult last week. With more than a million blossoms overhead—he counted them up there on Carter avenue—some New York outfit that got him on its mailing list sent him a form letter and folder asking him if he wanted to buy some ARTIFICIAL Wistaria plants.

Tiny Scalo, whose brother Joe feeds the dog population, stops traffic On The Square with his window television show. But the cops stopped HIM at home.

Tiny, the genial television salesman, became so engrossed in a television broadcast that he didn't realize the thing also "talked." The neighbors kicked. And the cops came. Tiny promised to keep the volume down.

DICKENS FELLOWSHIP

The Dickens Fellowship monthly meeting will be held Thursday, April 21 in the afternoon at the home of Mrs. Earle J. Gossard, 625 Mariposa Ave. Mrs. R. C. Lewis and Mrs. Ralph Jones will read.

Council Will Probe Housing Shortage

A public meeting to determine the need for further rent control in Sierra Madre will be held Wednesday, April 27, at 7:30 p. m. The date was set by the City Council this week and announced to a packed house of approximately 150 persons. The turnout was the result of a request for the hearing and a termination of rent control here made by Attorney Noren Eaton last week.

As the meeting got underway, Eaton also presented the Council with petitions bearing approximately 150 signatures asking that the hearing be set. City Attorney T. Guy Cornyn advised against the setting of a hearing immediately. He said that Governor Earl Warren, who takes final action on any city's recommendations for de-control, may soon establish

procedure for holding hearings and making recommendations.

Councilman Herman Barter said that a hearing would be set but that the matter should be held over two weeks. In the end, however, Councilman Henry Nuetzel moved for the hearing, and his motion was unanimously adopted.

It was explicitly pointed out that the hearing, under the recently enacted amendment to the Federal Rent Control Act, would be for the purpose of determining whether or not there exists in Sierra Madre "a shortage of rental housing accommodations as to require rent control in" the city. It was also pointed out that the question of "hardship" was not one to be argued at the meeting. Eaton charged that Cornyn, in advising against the setting

City Will Survey Water Well Dangers

As a result of the tragic death of three-year-old Kathy Fiscus in San Marino last weekend, the City Council announced that a survey of abandoned wells and pits would be made within the city to determine possible dangers.

Councilman Henry Nuetzel said he knew of "about 15 caves within the city which might prove to be hazards."

Boy Scouts Outing Set May 21 - 22

Sierra Madre's Boy Scouts will hold their annual Camporee at the city Park next May 21 and 22.

This was brought out at Council meeting Tuesday when the City Council authorized the use of the Park for the outing.

The Scouts' camping activities chairman, Paul Carter, in requesting permission to use the city grounds, said that adequate supervision would be assured for camp fires and other activities.

Honor Sponsors of Wistaria Season

It is "Chamber of Commerce Day" at the Wistaria Vine today and tomorrow.

These two days of the annual Wistaria Fete have been set aside to honor the Sierra Madre Chamber which this year is one of the festival's sponsoring organizations.

On Saturday the day will be designated as "Woman's Club Day." And the same designation will be made for the following Saturday, April 23.

The Civic Club, the third of the local sponsors, will be honored in the same way next Thursday and Friday.

On April 23 the Woman's Club will hold a dance at the Clubhouse to honor the 1949 Wistaria Queen, Jackie Thurston, and her court of four Wistaria Princesses.

Mrs. Loyd Wilson, the Woman's Club corresponding secretary and membership committee chairman, is in charge of the dance. She said the clubhouse will be beautifully decorated to take on the appearance of a garden.

SNAKE WARNING!

Rose Perry, sub linotype operator on the NEWS staff, adds a hearty "Amen" to recently issued snake warnings.

It seems that while hunting gem stones in the McCoy mountains she stepped on a coiled rattler. A combination of the Highland Fling and Russian Pandango rendered a comfortable distance between snake and Mrs. Perry. Apparently the rattler did not have time to strike.

Gordon Moore, expert on desert fauna, says that a person is safe from snakes in the heat of the day if they stay in the sun, for snakes will die if left in the sun. However, Mr. Moore stresses that to go poking around in shady places at any time may yield a rattler. Early morning and late evening the reptiles will be sunning themselves. Hikers are advised to carry snakebite kits.

Easter Sunrise Services To Be Held At Wistaria Vine

EASTER SERVICES AT SUNRISE

TRADITIONAL EASTER Sunday Sunrise Services will again be held at Sierra Madre under the blossom-laden Wistaria Vine which this year is more beautiful than ever before. Those attending the services beginning at 5:15 a. m. before the cross at the Wistaria Vine Gardens in the shadow of the San Gabriel Mountains will hear the Rev. Joseph Larson, well-known Pasadena minister. The famous vine, which is covered with more than a million lavender blossoms, will be open to the public throughout April.

PHOTOGRAPHERS TO VIE FOR HONORS IN OPEN CONTEST AT WISTARIA VINE

Amateur photographers will have the chance for a field day tomorrow at the Wistaria Vine Gardens.

It will be amateur photographers' day in conjunction with Chamber of Commerce day under the famous vine.

Al Morgan, Chamber of Commerce president, announced that a prize would be awarded for the best photograph submitted in the annual photographic contest.

Any amateur photographer is eligible to enter. The pictures submitted must be taken at the vine on Friday. Prints should be addressed to the Wistaria Vine Gardens, Sierra Madre.

Easter Sunrise Services will again be held at the Wistaria Gardens on Carter avenue.

The services will begin at 5:15 a. m., five minutes before sunrise. The non-sectarian services will be conducted by Dr. Joseph Larson, well known Pasadena minister.

Millions of Wistaria blossoms, more than the vine has ever had before, will blend with beautifully landscaped orchids, azaleas, camellias and other flowers to form the setting for the devotion service.

The soloist will be Jewell Kinser. She is soloist at the Christian Church of Glendale.

Her selections will include "Hozanna," "Lord's Prayer" and "Calvary."

Chairs will be arranged under the vine for the services. A loudspeaker will be set up at the parking lot in the event that an overflow attends the traditional sunrise service.

Later on Easter Sunday several thousand persons are expected to visit the vine. So far this year all attendance records have been broken.

The vine will be open to the public throughout April.

POOL SAFETY QUESTIONED: STUDY MADE

Dr. Nathan Jacobs this week denied that he had made the assertion credited to him by a Pasadena newspaper that the Canyon swimming pool would be contaminated by nearby cesspools. Jacobs had suggested at a summer recreation meeting that a study be made to determine whether the pool was satisfactory for children from health and safety standpoints.

In mapping the summer day camp program for Sierra Madre children, Jacobs had felt that the pool should be investigated and proven safe before recommendation was given for the use of the pool in the summer program. Jacobs made no statement that the pool was definitely not safe. He asked for an investigation by qualified engineers to determine whether it was safe.

The Recreation Commission voted to ask for the investigation and a report from the office of the County Sanitation Engineer. Jacobs was asked by

Make Easter Cancer Fund Contribution

Easter Week is the natural time to send your contribution to the local Cancer Fund Drive. \$1000 has been deemed a reasonable amount for Sierra Madre to contribute in the fight for hope and life to those marked for death by cancer.

There is hope through research, education and service. The American Cancer Society is making strides with this three pronged program.

The hope will come through the giving of money by you and by me. One dollar from each family in the city will more than meet the quota.

Mrs. Harold Pangborn, chairman makes the second appeal that checks be mailed in as soon as possible to the American Cancer Society in care of City Hall.

Volunteers are sought by Mrs. Pangborn also for sitters in the booth which will be placed in front of the Bank April 18 until the end of the month.

SHIPWAY FAMILY VISITS

Mr. and Mrs. George Shipway and daughters, Claudia and Karen, of San Diego, visited Mr. Shipway's parents, Mr. and Mrs. R. D. Shipway, 292 East Laurel, last week-end. Ardis Shipway, daughter of the R. D. Shipways, returned home with the George Shipway family for a week's visit.

SEATTLE GUESTS

Mr. and Mrs. Clifford L. Airis of Seattle, Wash., arrived Monday for a two-week visit with Mr. and Mrs. Earl P. Benson, 599 West Sierra Madre Blvd. Easter Sunday the two couples plan to dine at the home of Mrs. Mabel Brigham in Los Angeles.

YOUNGSTERS CARRY WISTARIA TO SUPERVISORS

With armloads of Wistaria blossoms clipped from the famous vine, two of Sierra Madre's five-year-old kindergarteners this week charmed the Board of Supervisors into declaring the week of April 17 to be "Wistaria Week" throughout Los Angeles County. They are Judy Pratt, daughter of Mr. and Mrs. Lorne Pratt of 677 Canyon Crest drive, and Arthur "Herk" Hewitt, son of Mr. and Mrs. A. S. Hewitt of 630 Orange drive.

Ascension School to be Expanded and Conducted By Sisters Next Fall

Announcement was made yesterday by the Rev. Harley G. Smith that the parochial school of the Episcopal Church of the Ascension will be under the direction of the sisters of the Community of St. Mary beginning with the opening of school next fall.

Father Smith further said that the seventh grade will be added at that time and that a kindergarten will also be opened in accordance with a long range plan adopted when the school was opened two years ago.

The direction of the school was finally accepted by the Sisters last month and during the past week the parish and school were visited by Mother Mary

Ambrose, Provincial Superior, and assisted by Sister Noel who will become the principal. The Sisters will take up residence at 45 East Laurel Avenue, the former rectory which will be converted for their use as a convent.

The Community of St. Mary is the oldest of religious communities for women in the American Episcopal Church having been founded in 1865. It has specialized in educational work, some of its most prominent schools being Kemper Hall, Kenosha, Wis.; St. Mary's, Peekskill New York, and St. Katherine's, Davenport, Iowa. The order also operates social service institutions and children's hospitals throughout the country.

C. C. TO HOLD SQUARE DANCE

A bang-up, old-time, old-fashioned square dance for the first night of the Pioneer Days Celebration will be sponsored by the Chamber of Commerce, said Al Morgan, chamber president.

Confirmation of plans for the dance will be forthcoming at today's Chamber luncheon meeting at the Woman's Clubhouse.

An experienced caller for the dance will be engaged, Morgan said, and the event will be held at the Woman's Clubhouse. The street in front of the Clubhouse will be roped off.

Maj. Gn. Huddelson And Staff Leave for Refresher Courses

Major General D. H. Huddelson, commanding general of the Los Angeles 40th Division, U. S. National Guard, accompanied by six members of his staff, departed Los Angeles, Friday, April 8, aboard Santa Fe Railway's "Grand Canyon" at 1:30 p. m. enroute to the U. S. Army Command and Staff College at Fort Leavenworth, Kan., to attend a general staff corps officers' refresher course, April 10-16.

HEARING SET FOR BURGLARY SUSPECT

Homer Anson Paffenberger was arraigned in Monrovia Justice Court last Monday and Friday was set for his plea on a charge of burglary and grand theft brought by Clarence Earl Brundy, 498 Woodland Drive. Paffenberger assertedly removed from the Brundy home two accordions, a shotgun and a robe with a total value approximated at \$700.

Paffenberger, a grocery clerk, was said to have entered the Brundy home on April 1 and removed the objects. He was driving a borrowed car and was apprehended in San Francisco and the car and property were recovered.

WISTARIA WEEK IS SET BY SUPV. BOARD

The Board of Supervisors at its Tuesday meeting unanimously adopted a resolution designating the week of April 17 as "Wistaria Week."

The resolution was submitted to the board by Supervisor William A. Smith. He pointed out that thousands of Southland residents and visitors from all over the nation would visit the world-famous vine during its blossoming season in April.

He asked that Board Clerk Ray Lee send copies of the resolution to the four Wistaria Fete sponsoring organizations: the Woman's Club, the Civic Club, the Chamber of Commerce and the United Garden Clubs of California.

FIRE FLAMES

Because there seems to be an epidemic of fires caused by children playing with matches, it is now time for mothers to become conscious of the match box. Matches SHOULD be kept from children, even tho' they must be locked up. Matches protruding on the wall in a conspicuous place are naturally a temptation to children. Within the past two weeks, three cases have come before the fire fighters and police where children have been playing with matches. One was costly to the family, when an entire section of the inside of the house was destroyed. Fortunately it was the children themselves escaped death or serious burns. If we fail to ob-

made of urban areas, the National Board said that 70 percent of all building fires during one year broke out in the home.

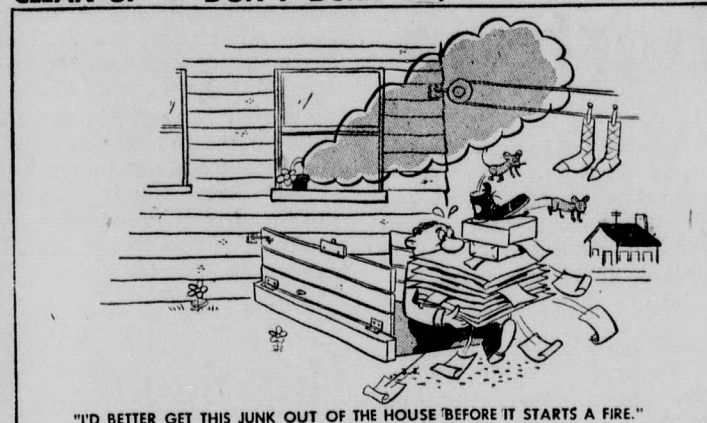

Women who spend most of their time at home can protect it against fire with very little extra effort, the authorities declared, and suggested a program for Spring Clean-Up that would establish good house-keeping habits for year-round safety. Women can also help in community activities where their services will be welcomed.

Fire studies show that 90 percent of all fires are caused by carelessness.

Safety experts advise: Clean all old clothes, papers and accumulated odds and ends out of closets, the basement, and attic. Have an electric light installed in closets or use a flashlight, but never a match.

Keep stoves cleaned of all

serve this warning, we can expect to continue with fire calls and perhaps much loss. The following suggestions can be of help:

WOMEN CAN CUT HOME FIRE TOLLS BY THREE FOURTHS

If women in the home would only learn the rudiments of fire safety, they could prevent nearly three-fourths of all building fires in the United States, according to figures of the National Board of Fire Underwriters.

grease, and store grease containers away from the stove.

Put all oily rags and paint cloths in closed, metal containers. Don't use gasoline for cleaning. If cleaning fluids are used be sure they have the label of Underwriters' Laboratories, Inc., on the can.

Never leave electric irons with the current on.

Don't try to "quicken" a fire with kerosene.

See that curtains don't blow over the stove where they might catch fire.

Keep pot handles from protruding over the edge of the stove, so that young children can't tip them over and burn themselves.

Don't throw dust from a vacuum cleaner into a fire or burning incinerator where it might explode.

Choose electrical appliances which bear the label of Underwriters' Laboratories, Inc. Call in an expert electrician when planning to add new high-power consuming devices. Replace burned out fuses with 15 ampere ones for the ordinary household.

Keep a metal screen in front of a fireplace.

See that matches are kept out of reach of young children.

Don't dress children in flimsy, flammable clothes or party costumes.

Make it a household rule that no one is ever to smoke in bed.

A patient crew of fire fighters removed all hose from truck No. 2 last night and found it in fine condition. Truck No. 2 carries 1250 feet of good 2 1/4 inch hose at all times, sufficient to reach the middle of any block. While a number of

fellows examined the hose and returned it to the truck, others stood by with the city's other two fire trucks, just in case.

Bobby Clark has been receiving much help from his brother fire fighters during the leveling of his lot where he intends to soon open for business. It will be an auto body and fender works.

The fire fighters urge all children of the city to attend the Easter Egg Party at the Park next Saturday. There'll be lots of fun and plenty of eggs. In the meantime, we MUST KEEP THE FIRES OUT.

Bethany Church is very fortunate in having as a guest speaker next Wednesday, April 20 at 7:30 P.M. Mrs. Julia Lake Kellersberger, wife of Dr. E. R. Kellersberger, General and Promotional secretary of the American Mission to Lepers.

The Kellersbergers have traveled around the world twice since the war, covering more

than 6000 miles by air and every other mode of travel. They have visited 70,000 leper patients, built leper villages, planted groves of Chaumogra trees used in treating leprosy. They have been decorated by the Belgian government for curing 10,000 cases of sleeping sickness.

Mrs. Kellersberger has great platform personality.

A rally of people from the Keystone State (Pennsylvania), is announced for Saturday, April 23 at Sycamore Park

Heading County Cancer Fund

Oliver M. Chatburn, campaign chairman of 1949 fund raising drive of the Los Angeles County Branch of the American Cancer Society.

Red Cross Tops Quota For Year

With a total of \$5,687.68 the fund drive of the Sierra Madre Red Cross has topped last year's total by more than \$2,000, according to Rollin C. Lewis, president of the Sierra Madre Chapter.

"Our appeal has met with most satisfactory results," Lewis said, "and we appreciate the help of all those who made this a winning campaign."

He pointed out that the Red Cross budget for 1949 was about \$800 less than the budget for last year, but that a surplus of funds from the previous year was available to meet the year's expenses.

The quota set for this year's drive was \$5,591, said Richard W. Lees, fund campaign chairman. At a Victory Luncheon last week, Lees commended the captains and the volunteer workers for their work. "The volunteers have contacted as many homes and business establishments in their areas as possible," he said. "It is regretted if some were missed inadvertently, but to give these friends of the Red Cross a chance to serve through their donations those in need of a helping hand, we are making provisions to accept late, but welcome, donations."

Captains working on the campaign fund were Mrs. J. C. James, Mrs. Wallace Goodwin, Mrs. Lawrence Perry, Mrs. Sam Haskins, Mrs. John Rudbach, Mrs. Paul Burton, Mrs. James Dewey, Mrs. Joseph Worthington, Mrs. Fred Morgan, Mrs. Harry Holland and Mrs. Helen Narozny. In charge of around-town publicity was C. S. Straus.

Chatburn is the former business manager of the University of Southern California, vice-president of the Miracle Mile Kiwanis Club and member of the Board of Directors of both the Methodist Hospital and the Miracle Mile Association.

BALLING BABY TALK
BY MAXINE BALLING

IS THERE ANYTHING SWEETER than little girls and boys all dressed up for Easter? ... perky little ribbons in the girls' hair... little boys' hair slicked down momentarily... faces shiny and bright... little feet hopping up and down with excitement.

THOSE ARE THOUGHTS that give us pleasure here at the Balling Baby Shop as we handle these little Easter dresses of crisp broadcloth, fluffy organdy, dotted Swiss, tissue ginghams and chambrays. We don't see them as just pastel colors or white, we see them bringing smiles to rosy little faces. We'll part with them for 3.95 to 8.95. Sizes 3 to 12.

LITTLE EATON SUITS of seersucker are what most of the little boys like, because they're cool and comfortable. Three piece outfits are only 5.50... coat and pants of blue and white or green and white, with white shirt.

FOR SIX MONTHS AFTER EASTER the less clothes the kids have on, the better they like it... and we sell stacks and stacks of Wonderalls, those wonderful overalls so thoughtfully designed for every child from crawler age to 6x. No buttons at all. Snap fasteners little fingers can work. Crawlers even have fasteners from crotch to hem so that the whole business comes apart RIGHT NOW for diaper changes. There's a big choice of materials and colors. Seersucker crawlers are 2.25... cotton twills in pink, blue, maize and aqua are 2.50. Light blue denims are 2.50. And there's a little polka dot percale, pink, blue, or yellow, with a wee small ruffle bustle for little girls 2.50.

BIGGER overalls of seersucker and denim, sizes 1 to 3, are the same prices. The cotton twills size 2 to 6x are 3.50, and girls' shorts of light blue denim, with elastic waist, turned up cuff, and big, rick-rack edged pockets are 1.95, sizes 2 to 6x.

TRUNKS for little Tarzans size 2 to 10 are 1.69 in blue or tan heavy twill, with elastic waist, two pockets.

SCHNEIDER'S baby boy suits have been famous for style and quality since 1911. It says right here on the ticket on one of their little seersucker two-piece suits, I believe it, for these are really nice. The jacket is a manly designed double breasted affair, and the shorts have elastic waist, and the two piece suit is only \$2.50. Blue or tan stripe, sizes 2 to 4.

BALLING BABY SHOP, MONROVIA is just full of nice new things for spring and summer. And have you seen our new GIRL SCOUT SHOP?

CONGREGATIONAL CHURCH ANNOUNCES EASTER WEEK SERVICES

Holy Week will be observed this week in the Sierra Madre Congregational Church in a service of devotion and communion on Maundy Thursday at 8:00 p. m. There will be a service of reception for new members followed by The Holy Communion. The service will close in the Fourth Century Office of Tenebrae with the Extinguishing of the Lights. This is the service of darkness symbolizing the flight of the disciples on that fateful evening of betrayal and trial. When the last light is extinguished then the altar of the Church will remain dark until the dawning of the Easter Morning with its light and hope.

Then on Easter Sunday there will be two essentially similar services of worship at 9:30 and 11:30 a. m. The earlier service will be a family service to which you are invited and urged to bring your whole family. At the later hour there will be a service of baptism for our infants. The Chancel and Chapel Choirs of the Church will provide choral music for both of these services rendering Greene's "Awake Thou that Sleepest" and Dickinson's "When the Dawn was Breaking."

This is a great year for Easter and the world is looking for the hope that it brings. You are invited to attend these services and gain the inspiration that comes from the communion of worship.

CO-ED SPENDS EASTER AT HOME

Virginia Murphy arrives tomorrow to spend the week-end with her parents, Mr. and Mrs. Oscar Willumsen, 94 East Highland.

Virginia is attending the Santa Barbara branch of the University of California.

GROWING

WITH MARSHALL'S

After the night—the Day!
After the dark—the Light!
The melting streams rush toward the sea.

Out of the shriveled seed unfolds the frail and mighty leaf.

The bare-boughed peach and apricot aflame, while acacias wave their brilliant plumes for all to see.

Narcissus, tulip, and daffodil—burst in glowing proclamation from the earth.

The wistaria cascades in purple testimony, and calla lily cups hold up their hearts of gold.

Out of the torn chrysalis—comes forth the Winged Splendor.

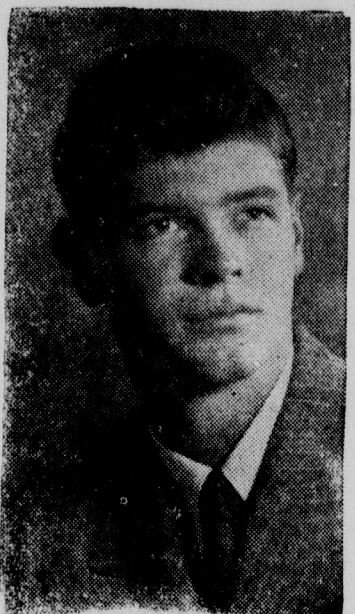

All about us, daily—RESURRECTION!

Community Seder At Jewish Center

In observance of the Festival of Passover, a Community Seder will be held at the Foothill Jewish Community Center, corner Lima and Laurel Sts., on Thursday evening, April 14th, at 7:30 P. M.

The Seder will be conducted by Rabbi Ben Zion Bergman.

The Passover is the Jewish Freedom Festival, it is the annual celebration of the Israelites' Exodus from Egypt, where they had been held in slavery over three thousand years ago. Passover is especially significant this year, since it is the first since the re-birth of the Jewish State of Israel in the Holy Land.

Incidentally, it should be noted that Christ's famous Last Supper was just such a Passover Seder.

POLICE BLOTTER

Lost eyeglasses. . . Smoldering fire in an incinerator was closely packed magazines that had been left. The neighbor had a perfect right to object. The odor from these was anything but aromatic, despite that there was Life, Look and possibly a Pathfinder. . . Speeding trucks along Fairview were self-chastised when one of them lost the bed of its trailer. It took the drivers quite a spell to get it back. . . While attempting to replace the trailer bed, one of the trailers rammed into a fire plug and had to set there until the arrival of the Water Dept. men. . . He was given permission to fill a hole from his cast off rocks, etc., but not for everything he had to spare. When it came to hazardous materials that might start a fire the jig was up.

Lost pen. . . William A. Graves from Glendale, must have been in a hurry passing thru town. He phoned back that he lost a few articles such as a Tarpaulin, an armchair, a rope, a record player and a few whatnots. He was informed that Bird and Chunn had already found the stuff. He was pleased. . . A lot of auto accessories were stolen from a car while it was parked. . . A car parked with a flat tire was there too long to please the neighbors. . . Lemons thrown at houses by culprits who are subject to more trouble than they might anticipate. . . Chunn enters a family affair and came out with a report that everything is "OK now." . . An ex-husband returns and finds himself in trouble. Local police take him in. . . More of the lemon throwing.

Dog bite. It may be that you escape the police patrol when you do some traffic violation, but there is usually someone who sees you. You are only making yourself look like a hick driver and the kindness of cops look like negligence. . . Keys found and returned to owner. . . Stolen bike. . . Tin cans out at the wrong time. . . A large bus running to the Wistaria Fete is challenged for a license to operate. . . Boy on a bike hit by car. . . Parents are asked to warn children about riding on the wrong side of the street and going thru Boulevard Stop intersections without stopping. They must obey the traffic rules to play safe. . . Car parked in a driveway. . . A collision at Laurel and Canon. One driver "cut the corner," the other evidently going too fast to stop. So-o-o-o-o.

Epidemic of Mumps

Los Angeles county is in the midst of a mumps epidemic, and although the disease is not quarantinable, Dr. O. Gilbert, County health officer, emphasizes that all cases be isolated until the swelling of the salivary glands has entirely subsided.

To date this year in the county, there have been 3112 cases reported as against 1484 for the same period last year. While mumps is considered a childhood disease, adolescents and adults who have not had an attack in childhood are susceptible. In all cases, Doctor Gilbert warned, the patient should have medical care, even in mild cases in order to forestall possible complications.

Under State law, all communicable diseases are reportable to the local health department. In Sierra Madre, the Monrovia health center has jurisdiction. It is located at 211 West Colorado boulevard, and the telephone number is Monrovia 50.

Pasadena Play House

"Hamlet, King of Denmark," by Percy MacKaye will be presented for the first time on any stage at the Pasadena Playhouse starting Thursday, April 14 and continuing through May 1. A combination of four plays known as a Tetralogy, each play will be presented individually starting Thursday, April 14 through Sunday, April 17. Straight runs of each of the plays will then ensue through May 1.

The Tetralogy, starting thirty years before the time of Shakespeare's "Hamlet," shows visually what happened to the boy and all of the people of his orbit which led to his later downfall. Such novel innovations as seeing Yorick the Fool, and Hamlet's father the Ghost, as living creatures, and Gertrude, Claudius and Polonius as youthful people are some of the theatrical desserts awaiting Playhouse audiences.

Guest soloist will be Beverly Shea. Bob Pierce will be chairman and the Rev. Charles Templeton of Princeton, N.J., will deliver the Easter sermon. Presented by Youth for Christ in cooperation with 400 Southern California churches, the event is sponsored by the Christian Business Men's Committee of Pasadena. Guatemala-Mexico Observed by Local Couple on Trip

Mr. and Mrs. Arthur E. Richards of 275 Hacienda Drive, Santa Anita Oaks, Arcadia, have just returned from a six weeks trip to Mexico and Guatemala. The entire trip was made via Pan American Airways. Three weeks were spent in and around Mexico City, with trips from there to the pyramids, Xochimilco, Toluca, Taxco, Cuernavaca, Puebla, Garci Crespo Springs, Fortin, San Jose Purua, Acapulco and Oaxaca. From the latter city visits were made to nearby Mt. Alban and Mitla, ancient Mayan ruins. Seeing a bull fight in Mexico City was an interesting experience. The bull fight accommodates seventy thousand people and every seat was filled.

Merida, Yucatan was the next stop, a three-hour flight from Mexico City, with two-thirds of the flight over the Gulf of Mexico. From Merida side trips were made to Chichen Itza and Uxmal, ruined cities of the Second Empire of the ancient Mayan race. The ancient temples, palaces, ball courts, etc., have been partially restored by the Carnegie Institute. It is said that there are as many as fifty cities in the plains of Yucatan that have not been uncovered.

The next hop was to Guatemala City, capital of Guatemala, Central America. Several days were spent in this charming and modern city, and then a ten-day motor trip was taken through the highlands, with stops at Antigua, ancient capital of all Central America; Lake Atitlan, surrounded by towering mountains, including three extinct volcanoes, and comparable in beauty to Lake Como in Italy; Quetzaltenango, Huehuetenango and Chichicastenango. At the latter village accommodations were at the famous Mayan Inn. This village is noted for its Indian market and for the unusual and unique manner in which the Indians worship at the large church on the village square.

The population of Guatemala is 65 per cent Indian, consisting of many tribes. Each has its own dialect, its own type of dress, and other distinctive characteristics. Their homes are extremely primitive; grass huts with thatched roofs in the villages and of somewhat more substantial construction in the larger places. Floors are usually of earth; cooking is done over charcoal, and beds consist of hammocks or mats laid on the floor. Nearly all burdens are carried on human backs or human heads. The women balance water jugs and other objects on their heads, and often a baby is riding on the mother's back, being held there by a shawl tied around both of them. The men carry huge burdens on their backs, supported by a strap over the forehead. They carry heavy loads of pottery, building blocks of stone, a half dozen pieces of 2x4 lumber, grain or most anything else one can imagine. Some loads are carried to market a hundred miles or more away, over steep mountainous country. An average load for an average man is from eighty to one hundred twenty-five pounds. These people are almost entirely self-sufficient. They weave their own cloth and blankets, make pottery, baskets, mats, charcoal and nearly everything needed for their primitive existence.

From all reports they are a happy people and are not desirous of change. They are extremely religious and spend much time praying in the churches. They pray not only for themselves, their families and departed, but also for their chickens, hogs, cows, for rain, for their crops, etc. Probably no more sincere prayers were ever uttered than by these primitive peoples.

Public Schools Week Announced

Now as to the house:

COUNCIL TO PROBE

From page One
of a public hearing at the present time, was "making a policy opinion similar to which Sierra Madre has been confronted over a period of years."

He declared that decisions would have to be made at the local level and that "we need not wait on the Governor."

Cornyn said that any recommendations made by the Council would be subject to approval of the governor.

In answer to that, Eaton declared: "It is high time we

made him (Governor Warren) commit himself as to whether he is for or against rent control . . . The matter of rent controls has been delayed for one reason or another for years."

Eaton intimated that the city could do well with a little publicity by getting its licks in first.

"It would add to the pride of Sierra Madre to say right here and now, 'We know what local self government means,' " he said. "Postpone it two weeks and that chance will be gone."

Of four other persons who spoke in favor of setting the public hearing and then boosting rent controls out via a recommendation for de-control, two of them were residents of Pasadena and not property owners in Sierra Madre.

One of them, Robert H. Aarons of 1210 E. Green street, Pasadena, said he represented "a property owners' group." Another was William Christian, also of Pasadena, who told the Council that Sierra Madre had "five times as many rentals as requests for rentals—a good proof that rentals are avail-

able." He didn't say how he knew that such is the condition here.

Speaking as Sierra Madrans, Josephine Marr and Frank Simon urged the Council to set the hearing immediately. They both said that on the whole landlords were not out to beat renters.

Because many of the persons attending last Tuesday's meeting were from out of town—principally Pasadena and South Pasadena, several of the councilmen said that arguments at the hearing would be limited to Sierra Madre residents and property owners.

Dr. Nathan Jacobs' letter questioning the swimming pool's health standards was read at Tuesday's Council meeting. At the same time a letter from the county health officer, Dr. Roy O. Gilbert, was received.

This letter said that inasmuch as there were no cracks or breaks in the swimming pool, the chance of contamination was slight. The letter said that in the past chlorination of water has been sufficient to check the spread of disease.

Dr. Gilbert pointed out, however, that the Council must "take into consideration the fact that the swimming pool does not in any way meet the minimum requirements set by the state health department for a swimming pool."

SWIMMING POOL

From page one

Recreation Director Sam McElfresh to write a letter to the Recreation Commission stating the need for such investigation in order to facilitate the service from the County Engineer's office.

Jacobs sent such a letter to the Commission on April 4. On April 6 the Sanitation engineer visited the pool with Councilmen Henry Nuetzel and Milton Steinberger and Director McElfresh. The sanitation representative verbally pronounced the pool safe and stated that there was no danger of contamination from nearby cesspools. A written report from the Sanitation department is being prepared.

The letter delivered to the Recreation Commission follows:

April 4, 1949.

Recreation Commission
City of Sierra Madre
Gentlemen:

For some time I have had my serious doubts about the safety of the Canyon pool for the children from a health standpoint. Since I have participated in the development of the Day Camp Program for this summer I have been even more seriously concerned. On the basis of my technical training it is my feeling that the Canyon Pool presents a health hazard for the users of the pool, inasmuch as the location of pool in the particular terrain of the area affords an ideal site for drainage from the numerous cesspools in this area, thus allowing for ample opportunity for contamination of the pool from this sewage. I believe it would be to the best interest of the entire community if this matter were investigated by the proper and qualified authorities, to determine whether this potential hazard affords any serious threats and if so to what extent. This could readily be determined by the proper county consultants in this field at no cost to the city.

If this were done I feel that it would contribute to the welfare of the children using the pool, and add to the protection of the health of the community.

Yours very truly,
NATHAN JACOBS M.D.
